

DR. CORNELL A. BELL BUSINESS OPPORTUNITY PROGRAM

What We Do

Established at Purdue University's Krannert School of Management in 1968, the Dr. Cornell A. Bell Business Opportunity Program (BOP) was the first program to increase diversity and give all students access to a world-class management education at a major business school. Under the longtime leadership of Dr. Bell, BOP grew into a program that recruits, enrolls, educates and provides support for both undergraduate and graduate students.

Since its inception, BOP has provided opportunities for more than 1,400 Purdue students.

How We Do it

The undergraduate BOP program begins with an eight-week summer session that coincides with summer school. Students take introductory courses that prepare them for academic work in their freshman year, and the relaxed summer atmosphere gives them a chance to acclimate to campus and college life while gaining a cohort of friends.

Following the summer session, BOP offers several services to students, including:

- Academic tutoring and social mentoring
- Professional development presentations and workshops
- Internship and full-time employment search support
- A family environment and support system
- Networking opportunities with alumni
- Scholarship assistance

What People Say

When I came to Krannert, I was just swarmed by people who wanted to see me succeed. I couldn't believe it.

Jody Russell

Human Resources Director, UCB

BOP has given me a highly marketable beginning to my college career in which I was able to network with extremely valuable faculty and students.

Dennis Man

Investment Team, Commonfund Capital

ONE-YEAR RETENTION RATE

Purdue (total): 92 percent

Purdue (underrepresented students): 91 percent

BOP students: 100 percent

SIX-YEAR GRADUATION RATE

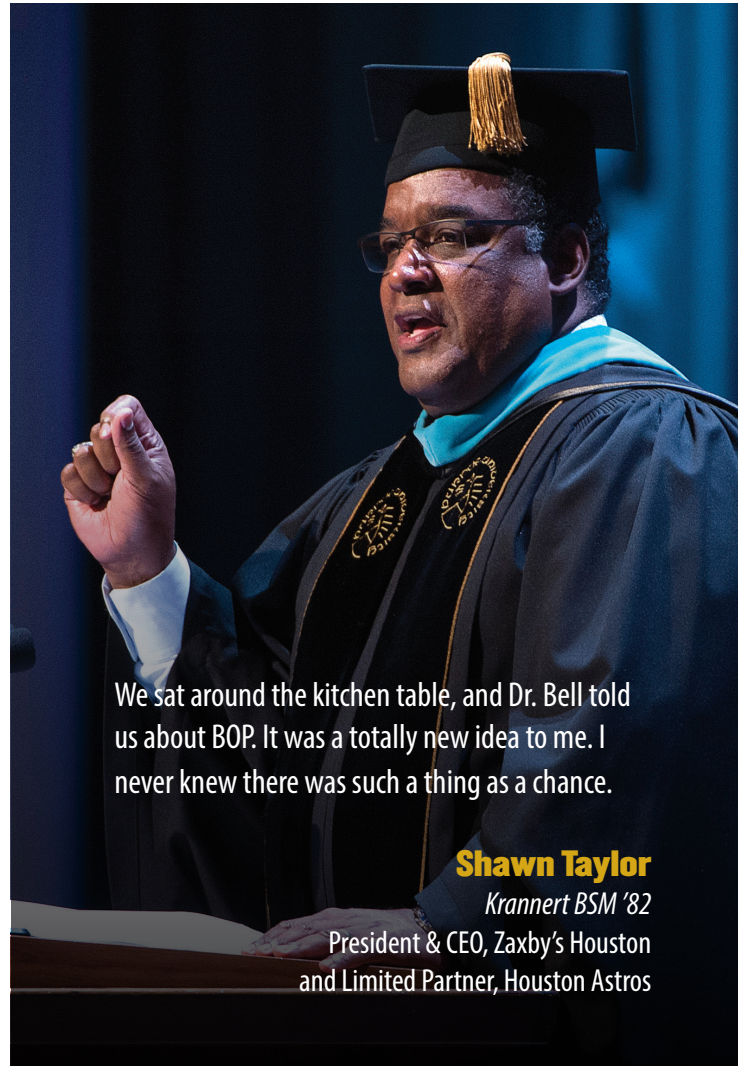

Purdue (total): 76 percent

Purdue (underrepresented students): 70 percent

BOP students: 80 percent

How to Get Involved

- Sponsor the BOP summer session
- Fund scholarships for BOP students
- Provide speakers for classes and student clubs
- Sponsor networking receptions
- Provide internships for students

We sat around the kitchen table, and Dr. Bell told us about BOP. It was a totally new idea to me. I never knew there was such a thing as a chance.
